## **1.0 The Purpose of the policy and what it affects**

- 1.1 This policy affects the delivery of GCE and GCSE specifications with one or more non-examination assessment component, controlled assessments (where applicable) and coursework. The JCQ publication is further referred to in this policy as NEA.

The regulator's definition of an examination is very narrow and in effect, any type of assessment that is not:

- set by an awarding body
- designed to be taken simultaneously by all relevant candidates at a time determined by the awarding body, and
- taken under conditions specified by the awarding body (including conditions relating to the supervision of candidates during the assessment and the duration of the assessment)
- classified as non-examination assessment (NEA).

Non-exam Assessment ('NEA') therefore includes, but is not limited to, internal assessment. Externally marked and/or externally set practical examinations taken at different times across centres are classified as 'NEA'.

[Definition taken directly from the JCQ publication *Instructions for conducting non-examination assessments – Foreword*]. This document is further referred to in this policy as NEA)

The term coursework is a generic one. It includes the work required in Project qualifications and internally assessed work in other qualifications covered by these Instructions.

These instructions are for use in AQA Applied General qualifications, OCR Cambridge Nationals, CCEA GCE unitised AS and A-level qualifications, ELC and Project qualifications. They may also apply to other awarding body-specific Level 1, Level 2 or Level 3 qualifications. Centres should refer to awarding body instructions. (ICC Introduction, Foreword)

(This document is further referred to in this policy as ICC)

This policy confirms the JCQ requirement that New Collaborative Learning Trust has in place for inspection that must be reviewed and updated annually, a written policy regarding the management of non-examination assessments including controlled assessments and coursework.

Awarding bodies require centres to have a non-examination assessment policy in place to:

- cover procedures for planning and managing non-examination assessments; • define staff roles and responsibilities with respect to non-examination assessments;
- manage risks associated with non-examination assessments.

A JCQ Centre Inspector will ask the examinations officer to confirm that a policy is in place. Guidance provided in this document will help the head of centre to ensure that the centre's policy is fit for purpose. (NEA 1)

Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers.

There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are:

- task setting
- task taking
- task marking (NEA 1)

Coursework components assess candidates' skills, knowledge and understanding that may not readily be assessed by timed written papers. Coursework will take many different forms. (ICC 1)
